Lunt of Boston which will occur in June. The wedding will take place in Boston and following a trip to the Yellowstone they will spend part of their time in Butte and part in this city.

Mrs. Duncan MacVichie and Miss Helen MacVichie will be hostesses at a reception at the MacVichie home this afternoon given for the senior class of Rowland Hall. Only the younger friends of Mrs. MacVichie and Miss MacVichie have been invited. The receiving hours are from three to five.

The San Francisco Examiner of Sunday carried a beautiful new picture of Mrs. J. Frank Judge of this city together with some strikingly beautiful women of California, the caption being, "Quartette of women who are social leaders in northern as well as southern California."

The Examiner also announces that the Judges are spending their summer at their ranch home near Salt Lake City and that "they may go to Mexico later in the year."

At the ball of all nations given in San Francisco last week over twenty thousand dollars worth of champagne was drunk. That does not sound very much like the yarns we hear from the coast that everybody is broke. Four hundred cases in one night is some wine, even for San Francisco.

Miss Marguerite Cordell of this city has won one of the Willard Thompson scholarships at the University of California. This a great compliment to those who win the annual scholarships as they are awarded only to those who meet the strictest requirements in their college work. The late Mrs. J. W. Thompson founded the scholarship about seven years ago in the name of the late Willard D. Thompson, her son, a graduate of the University of California, who died down in the desert during the Goldfield boom.

Perhaps it is a little early for the youngsters to tackle the Tennis club, but one of the prettiest parties ever arranged there was that given by Mrs. J. H. Frederickson and Mrs. Ashby Cleveland on Thursday when they entertained thirty or forty kiddies who will bask in the society limelight fifteen or twenty years from now.

The children were in fancy dress and each one of them presented a fascinating picture. It was lots of fun for the kiddies and just as much for their mothers who were present to see the sport.

Evidently the stork is going to be the busiest thing in town during the summer, especially in that part of the city east of Main street and north of Fourth south. And he is going to be very impartial in his visits, his itinerary as announced including the homes of "rich men, poor men, beggar men, thieves, doctors, lawyers, merchants, chiefs."

Miss Lois Steers who has been the guest of Mrs. Clem Schramm for a fortnight will leave shortly for her home in Portland. Dinners were given in her honor during the week by the Heber M. Wells and the Arthur Callaghans.

Mrs. H. G. McMillan and Mrs. Charles L. Smith will entertain at a tea on Thursday next in honor of Mrs. Raymond S. Masson of Los Angeles.

Mrs. David L. Wertheimer has gone to Shreveport, La., to attend the wedding of her niece, Miss Leihela Jacobson. Miss Jacobson who has numerous friends here where she has visited, will be married to Mr. Paul Cohen on Wednesday next.
